PAPER

Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

Art Unit: 1617

Continuation Sheet:

Applicant's argues the invention relates to a pharmaceutically effective amount of chlorogenic acid and 3-o-quinic acid isolates and is therefore fully enabled. The Examiner respectfully reiterates the 35 U.S.C. 112, first paragraph rejection of claims 1-17 is maintained. While Applicant reasonably demonstrates a composition consisting essentially of chlorogenic acid and 3-o-p-coumaryl quinic acid in a ratio ranging between 1:1 to 1:10 and at least one pharmaceutically acceptable carrier having growth inhibitory activity against leukemic cell type K652, nowhere in the specification as originally drafted does Applicant disclose a pharmaceutical composition consisting essentially of chlorogenic acid and p-coumaryl quinic acid in a ratio ranging between 1:1 to 1:10 and at least one pharmaceutically acceptable carrier used in treating acute and chronic myeloid leukemia in **mammals** as claimed.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Layla Soroush whose telephone number is (571)272-5008. The examiner can normally be reached on Monday through Friday from 8:30 a.m. to 5:00 p.m.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Sreenivasan Padmanabhan, can be reached on (571) 272-0629. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Art Unit: 1617

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).

/SREENI PADMANABHAN/

Supervisory Patent Examiner, Art Unit 1617
